

Student Safety and Security Measures

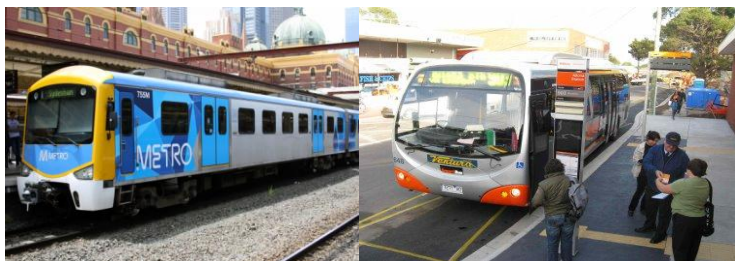

Security Training ~ Taxi Training ~ First Aid Training

Technical Advanced Training will aim to provide a safe, caring and professional learning environment in a co-educational setting. The training centre is situated in a pleasant shopping centre served by public transport. The centre provides top of the range training resources and modern accessories for student safety and security measures.

Technical Advanced Training student safety and security measures is available to students prior to an after enrolment in the following ways:

- 24/7 security surveillance cameras
- Situated 200 metres from the Broadmeadows Police Station
- Intercom phones located throughout the building
- Bus service in front of building
- Broadmeadows train station is located a walking distance of 300 metres
- Self-defense workshops
- First Aid kits on site
- Automatic light sensors throughout the building (Internal and External)
- Sprinkler systems
- Fire and burglar alarms

NOTE: A telephone will be available on request if a student requires a safe transport alternative.
